PROFILE

Full-Stack Software Engineer focused on building, deploying, and maintaining production-ready web applications using React, Node.js, Express, and MongoDB.

Experienced in designing REST APIs, building responsive frontend systems, and deploying containerized applications using Docker on VPS (Ubuntu) environments with Nginx and SSL configuration.

Strong background in systems thinking and technical troubleshooting from engineering roles, applied to software architecture, debugging, and scalable application design.

Comfortable working independently across the full stack, from UI development to backend systems and production deployment.

TECH STACK

Frontend

- React.js
- Astro
- JavaScript (ES6+)
- Tailwind CSS
- HTML5 / CSS3
- Responsive UI Development

Backend

- Node.js
- Express.js
- MongoDB
- REST API Development
- Authentication (JWT / session-based concepts)

DevOps / Deployment

- Docker / Docker Compose
- VPS Deployment (Ubuntu)
- Nginx

- SSL (Let's Encrypt)
- Server Management (SSH)

Tools

- Git / GitHub
 - API Integration
 - Debugging & System Troubleshooting
-

PROJECTS

PatrolMate — Full-Stack Task Management System

React • Node.js • Express • MongoDB • Docker

<https://patrolmate.pdeit.com>

<https://github.com/ValkovD/patrolmate>

Production-style task management platform for structured workflow and data handling.

Highlights:

- Built full-stack architecture (frontend + backend + database)
 - Designed and implemented REST API with authentication
 - Developed responsive React UI with reusable components
 - Created MongoDB data models for structured task management
 - Containerized application using Docker for consistent deployment
 - Deployed to VPS (Ubuntu + Nginx + SSL)
-

StarterNator — Data Management Dashboard

React • Node.js • Express • MongoDB

<https://starnator.pdeit.com>

<https://github.com/ValkovD/StarterNator-Bank>

Full-stack application for structured data tracking and dashboard-style interaction.

Highlights:

- Developed MERN stack architecture
 - Built backend API with validation and structured data flow
 - Created responsive dashboard UI in React
 - Designed scalable MongoDB schemas
 - Integrated frontend-backend communication via REST APIs
-

Expense Tracker — Frontend Application

JavaScript • HTML • CSS

<https://expense.pdeit.com>

<https://github.com/ValkovD/Expense-Tracker>

Client-side application for tracking expenses and demonstrating frontend logic.

Highlights:

- Built dynamic UI with state-like logic in vanilla JS
 - Implemented calculations and data updates
 - Designed responsive interface
 - Used browser storage for persistence
-

Portfolio Website

Astro • Tailwind CSS

<https://pdeit.com>

<https://github.com/ValkovD/portfolio>

Personal portfolio showcasing projects and engineering capabilities.

EXPERIENCE

Full-Stack Software Engineer (Independent / Project-Based)

2019 – Present

- Designed, built, and deployed full-stack web applications independently
 - Developed REST APIs using Node.js and Express
 - Built React-based frontend applications with responsive design
 - Deployed containerized applications using Docker on VPS (Ubuntu + Nginx)
 - Configured production environments with SSL and server management
 - Designed MongoDB schemas and handled data modeling
 - Maintained and improved production applications over time
-

RSS Patrol — The AA (Technical Operations)

2015 – 2025

- Diagnosed complex technical issues under time pressure
 - Applied structured troubleshooting and systems thinking
 - Communicated technical problems to customers and teams
 - Operated in high-pressure real-time environments
-

Diagnostic Engineer — Trust Ford

2014 – 2015

- Performed advanced system diagnostics and fault analysis
 - Worked with technical systems and engineering tools
 - Documented and resolved complex technical issues
-

EDUCATION

Master's Degree — Business Management

Bachelor's Degree — Business Management

Tsenov Academy of Economics — Svishtov

Technical High School — Internal Combustion Engines

Haskovo

LANGUAGES

- Bulgarian — Native
- English — Professional Working Proficiency
